a. Security of participants
b. Respect of confidentiality
c. Voluntary participation by respondents
d. Limitation in research scope

8. The systematic explanation of observed phenomena drawn from social manifestation or patterns in social life is _____.
a. hypothesis
b. theory
c. assumption
d. truth

9. Scientific inquiries conducted on social change over a period of time are _____.
a. trend studies
b. cohort studies
c. panel studies
d. ease studies

10. The two essential dimensions in teaching Social Science are _____ and _____.
a. observing and inferring
b. seeing and listening
c. searching and imparting
d. knowing and thinking

11. Concentration in thinking which leads to a constant, unbroken line of thought is _____.
a. infusion
b. focus
c. intention

d. direction

12. A comprehensive list of important or relevant action to be completed in a specified order is a _____.
a. pattern
b. matrix
c. checklist
d. report

13. The type of evaluation which examines outcome and comes up with a synthesis that determines the overall impact and relative costs of an activity or program is _____.
a. normative evaluation
b. summative evaluation
c. formative evaluation
d. causative evaluation

14. What method of thinking-and-learning draws the general qualities of a person from particular traits?
a. Problem solving
b. Inductive
c. Deductive
d. Discovery

15. To which group do we belong if we don't accept the truth because we insist on belonging to a group or resist the risk if being different?
a. Change agents
b. Radicals
c. Anarchists
d. Conformists

16. What is NOT related to ethical conduct in research?
a. Respect for confidentiality
b. Limitation in research scope
c. Voluntary participation be respondents
d. Security of participants

17. What is the systematic explanation of observations on social manifestation patterns of social life?
a. Truth
b. Belief
c. Theory
d. Opinion

18. What are the studies conducted on social change over a period of time?
a. Trend studies
b. Cohort studies
c. Panel studies
d. Case studies

19. Which is a tentative answer to a research problem?
a. Theoretical Framework
b. Recommendation
c. Conclusion
d. Hypothesis

20. In which part of the research do you find the answers to the research problems?
a. Recommendation
b. Conclusion
c. Hypothesis
d. Theoretical Framework

21. What is comprehensive list of important or relevant actions to be complete in a specified order so that no step is forgotten?
a. Report Card
b. Survey
c. Checklist
d. Questionnaire

22. What type of evaluation examines the effects or outcomes of some object they summarize it by describing what happens subsequent to delivery of program or technology; assessing whether the object can be said to have cause the outcome; determining the overall impact of the casual factor beyond only the immediate

target outcomes; and, estimating the relative costs association with the object?
a. Summative Evaluation
b. Normative Evaluation
c. Formative Evaluation
d. Complicated Evaluation

23. Deliberate deception by way of _____ fallacy is used by advertiser who make claim to unfounded consumption by thousands or millions of a product.
a. bandwagon
b. big lie

c. compulsion
d. oppression

26. Asserting a more certain avenue to the same truth is _____ .
a. simplification
b. syndication
c. revision
d. replication

27. The basic human activity in research is _____.
a. inquiring
b. thinking
c. calculating
d. measuring

28. What research is done in a laboratory?
a. Analysis
b. Experiment
c. Survey
d. Assessment

29. Science requires _____ in order to differentiate it from philosophy.
a. authority
b. logical thinking
c. empirical evidence
d. tradition

30. The use of _____ is useful in reducing inaccuracies in scientific research.
a. measured devices
b. generalization
c. logical reasoning
d. machines

31. Inclusive teaching approaches enable _____ learners in the class to take part in learning opportunities.
a. all
b. disabled
c. special
d. selected

32. The development of 21st century teaching and learning skills is a contemporary trend. What elements are interconnected in the process of teaching and learning?
a. Education for all and literacy
b. Professional development
c. High budgetary appropriations
d. Student outcomes and support systems

33. Which are essential in preparing the learners for the future?
I. Independent thinking
II. Creativity and innovation

III. Critical thinking
IV. Communication and collaboration
a. II & III
b. I, II & IV
c. I & II
d. I, II, III & IV

34. The Duterte administration advances _____ in order to strengthen regional autonomy and local governance.
a. federalism
b. nationalism
c. anti-drug campaign
d. anti-corruption drive
